No Health Insurance?

No Problem!

with the
Eastbluff Advantage Plan

Save money on the services that keep you and your family healthy and happy!

We're On Your Side

Times have been tough - *real tough* - and there can be many reasons why you may not have health insurance coverage right now. But you're certainly not alone.

In fact, California has the sixth highest rate of non-insured in the nation, with almost 22% of the population without health insurance. And the number of Californians receiving insurance through their employers has dropped from 61 percent in 2000 to barely over 50 percent in 2010.

We think your health is too important to ignore and you shouldn't ever feel that you can't afford to see a doctor, so we decided to help.

Great healthcare shouldn't break the bank.

Introducing...

The Eastbluff Advantage Plan

The Eastbluff Advantage Plan isn't health insurance, it's a membership discount plan valid for services at Eastbluff Medical Walk-In & Urgent Care and at the Eastbluff Medical Aesthetics Center.

For a single low life-time membership investment of only \$99 per person (\$149 per couple, \$199 per family) you'll receive 20% off at Eastbluff Medical Walk-In & Urgent Care, plus 10% off at Eastbluff Medical Aesthetics Center.

There's More, Lots More

As a member of The Eastbluff Advantage Plan you'll also enjoy exclusive discounts and special offers called **Fringe Benefits** from our network of hand picked Advantage Plan merchants. These are products and services from well known businesses you can use over and over again to save even more money! See the complete list of great offers at www.EastbluffAdvantagePlan.com

Keeping Little Things Little

Studies show that while you may go many years without an illness or injury that requires hospitalization, you will need to see a doctor between one and three times per year for minor issues. But that's a good thing because treating little things *before* they become big things is what keeps you healthy in the long run.

A nasty cold or the flu, infections, cuts, scrapes and sprains; they're going to happen sooner or later. And when they do, The Eastbluff Advantage Plan will be there for you to help take the financial sting out of going to the doctor and getting well again.

Savings That Count

The Eastbluff Advantage Plan takes an extra 20% off our already low priced Tiered Services so you don't have to think twice about taking care of yourself.

	Regular Fee	Advantage Plan	Savings
Tier I	\$95	\$76	\$19
Tier II	\$135	\$108	\$27
Tier III	\$175	\$140	\$35

Your savings will quickly add up and you'll easily save from \$50 to \$100 or *more* per year. And that's in addition to all the savings you'll enjoy from your **Advantage Plan Fringe Benefits**.
